

# Uncover your system's potential

Are you one of the 2,000-plus facilities who depend on the 3M™ 360 Encompass™ System? See how you can maximize your investment with the entire platform.

Click on each year to see signups across the country:

## Seven tips for getting the most from your 3M 360 Encompass System

1

Personalize your data view to fit your role

2

Streamline your workflow with proven end-user techniques

3

Activate worklist prioritization and customize your organization's algorithm

4

Leverage the system's quality indicators

5

Maximize your coding resources with single path coding

6

Create a frictionless physician query response process

7

Identify best practices with worklist prioritization services
